

Anna Quintero | Product Designer

Experience

PRODUCT DESIGNER

Thoropass | February 2025 – July 2026

- Boosted integration/monitor adoption 32% and cut support tickets 27% through a full feature redesign.
- Cut design-to-dev time in half using Claude for AI-driven prototyping and auto-generated handoff docs.
- Replaced manual spreadsheets with an automated asset inventory tool for compliance scoping and risk mapping.
- Reduced auditor time-to-completion 12% by designing a shared scope feature for customers and auditors.
- Helped shape product roadmap for a B2B SaaS compliance platform through UX research and auditor interviews.

USER EXPERIENCE DESIGNER

Wellspring | May 2023 - February 2025

- Boosted user engagement 20% by redesigning the idea submission and feedback workflow.
- Gave resource managers real-time allocation insights through a data visualization redesign.
- Cut task completion time by streamlining complex resource management workflows.
- Built reusable design system components to improve consistency and speed up development.

UX DESIGN INTERN

Maka Health | December 2022 - January 2023

- Worked on the user dashboard redesign for Maka Health, a mobile app that helps store your health data.
- Collaborated with cross-functional teams to research, test, and design solutions to improve data visualization and Maka Health's overall app user experience.
- Prioritized user research through competitive analysis, surveys, and user interviews to user needs and pain points.
- Led weekly design deliverables meeting with stakeholders to discuss goals and progress.

Volunteering

CO-FOUNDER AND ORGANIZER

IxDA Hampton Roads | September 2022 - October 2023

- Founded the local chapter of IxDA, a global network of more than 120,000 individuals and over 200 local groups that focus on the discipline of interaction design.
- Organize and facilitate 13 monthly meet-ups to help bring UX professionals together.
